CORRECTIONS

Treatment of Chronic Hepatitis C in Active Drug Users (July 19, 2001; 345:215-7). On page 215, the sentence that begins 14 lines from the bottom of the right-hand column should have read, "Ho and colleagues reported that 68 percent of patients with a prior psychiatric diagnosis had *major adverse events* during monotherapy with interferon, as compared with 29 percent of those with no prior psychiatric diagnosis. *Major neuropsychiatric adverse events developed in 32 percent of patients with prior psychiatric diagnoses.*"

Effects of Clopidogrel in Addition to Aspirin in Patients with Acute Coronary Syndromes without ST-Segment Elevation (August 16, 2001; 345:494-502). On page 494, at the end of the Results section of the abstract, the percentages of patients with episodes of life-threatening bleeding should have been "2.2 percent vs. 1.8 percent," not "2.1 percent vs. 1.8 percent," as printed. In the Manuscript Writing Committee listed at the bottom of the right-hand column, "Keith K. Fox" should have read "Keith A.A. Fox." On page 498, on line 13 of the left-hand column, the rates of bleeding after coronary-artery bypass grafting should have read, "8.3 percent vs. 6.6 percent," not "1.3 percent vs. 1.1 percent," as printed.
