Severe Acute Respiratory Syndrome

Jeffrey M. Drazen, M.D. and Edward W. Campion, M.D.

The *Journal* has recently published several clinical reports and virologic studies of the severe acute respiratory syndrome (SARS). Those articles, along with editorial commentary, have been published electronically at www.nejm.org. The full text of the articles is available to both subscribers and nonsubscribers. The articles will appear in print in a future issue of the *Journal*.

Readers who want to be notified as soon as an article is published electronically should sign up for

the *Journal's* e-mail alerting service. We will send an alert about the publication of any additional article or commentary on SARS. To sign up for e-mail alerts on these and other articles released early on our Web site, go to www.nejm.org/alerts. Those who sign up will also receive the *Journal's* table of contents each week by e-mail. There is no charge for this service.
