CORRECTIONS

Effect of CD3 δ Deficiency on Maturation of α/β and γ/δ T-Cell Lineages in Severe Combined Immunodeficiency (November 6, 2003;349:1821-8). On page 1822, in the third full paragraph in the right-hand column, the last term listed in line 16 should have been "CD8 β ," not "CD3 δ ," as printed.

Case 37-2003: A 79-Year-Old Man with Coronary Artery Disease, Peripheral Vascular Disease, End-Stage Renal Disease, and Abdominal Pain and Distention (November 27, 2003;349:2147-55). On page 2152, in the right-hand column, the last line of the first full paragraph should have read "arteriovenous fistulas," rather than "atrioventricular fistulas," as printed, and lines 2 and 3 of the second full paragraph should have read "arteriovenous fistula," rather than "atrioventricular fistula," as printed. We regret the errors.

NOTICES

Notices submitted for publication should contain a mailing address and telephone number of a contact person or department. We regret that we are unable to publish all notices received. Notices also appear on the Journal's Web site (www.nejm.org/meetings). The listings can be viewed in their entirety or searched by location, month, or key word.
