

CORRECTIONS

Voriconazole Compared with Liposomal Amphotericin B for Empirical Antifungal Therapy in Patients with Neutropenia and Persistent Fever (January 24, 2002;346:225-34). The following sentence should be included after the paragraph describing study support (page 233): "Dr. Walsh reports receiving consulting fees from Pfizer in 2001." The text has been corrected on the *Journal's* Web site at www.nejm.org.

Paracentesis (November 9, 2006;355:e21). In Table 1 of the PDF summary, the entry for lactate dehydrogenase should have read "Values greater than the upper limit of normal for serum suggest secondary peritonitis instead of SBP," rather than "Values less than the upper limit." We regret the error. The table has been corrected on the *Journal's* Web site at www.nejm.org.
