### CORRECTION

Treatment of Patients with the Hypereosinophilic Syndrome with Mepolizumab (March 20, 2008;358:1215-28). In Figure 2D, the x axis should have been labeled "Days" (rather than "Week"), and in Figure 2E, the y axis should have been labeled "Proportion of Intention-to-Treat Population without Treatment Failure" (rather than "with Treatment Failure"). We regret the errors. The figure has been corrected on the Journal's Web site at [www.nejm.org](http://www.nejm.org).

### NOTICES

*Notices submitted for publication should contain a mailing address and telephone number of a contact person or department. We regret that we are unable to publish all notices received. Notices also appear on the Journal's Web site ([www.nejm.org/meetings](http://www.nejm.org/meetings)). The listings can be viewed in their entirety or searched by location, month, or key word.*

#### 9TH ANNUAL PSYCHIATRY REVIEW COURSE
